* Verio endeavors to make the domain name availability search process reliable; however, Verio does not guarantee availability of domain names or the accuracy or security of the WHOIS system. There are several factors that could cause a WHOIS.NET query to incorrectly display that a currently registered domain is available. Regardless, if a domain name is already registered, WHOIS.NET will not be able to register the domain or gain possession of the registration from the current registrar without the permission of the current owner. The registration process is not complete until the domain name requested by you has been registered in your name with the appropriate registry. Because there are delays in the actual registration of a domain name with the appropriate registry, Verio is not responsible if domain names requested by you are actually registered to third parties. Registration of the domain name through Verio is not complete until you receive the final confirmation e-mail from Verio. All registrations through Verio are subject to Verio's Global Terms and Conditions.

** Premium Domain Listings ("Premium Listings") are provided by Sedo (www.sedo.com), and Verio is not responsible for any inaccuracy in these searches. Verio does not guarantee availability of domain names or the accuracy of the Premium Listings. If you have a question or concern about a domain name in the Premium Listing, please contact Sedo directly.
